

INTERNATIONAL CONSORTIUM FOR TELEMETRY SPECTRUM  
Myron Hiram Nichols Award  
for  
Telemetry Spectrum

**2010**

Painter, Fernandes, Gohlke, Verm, Ramachandran (Knowledge Based Systems, Inc.) Jones (Air Force Flight Test Center)

*For their ITC paper on:*

“Dynamic Frequency Assignment and Management Technologies for Future Test and Evaluation Operations”

**2011**

Grant Gerstner & Hans Lillevold (Atlantic Test Range, Naval Air Warfare Center Aircraft Division)

*For their ITC paper on:*

“Spectrum Stewardship Through Best Source Selection”

**2012**

Maria S. Araujo & Ben A. Abbott (Southwest Research Institute)

*For their ITC paper on:*

“PCM VS. Networking: Spectral Efficiency Wars- a Pragmatic View”

**2013**

Russ Fielder & Scott Kujiraoka (NAVAIR Weapons Center, Warfare Division)

*For their ITC paper on:*

"C-Band Missile Telemetry Test Project"

**2014**

Steve Musteric and Nathan King (96th Test Wing (AFMC))

*For their ITC paper on:*

"Tri-Service C-Band Roadmap Study (TSCRS) Findings and Way-Ahead"

**2015**

Mr. Jesus Nevarez and Mr. Joshua Dannhaus (White Sands Missile Range)

*For their ITC 2015 paper on:*

“C-Band Transmitter Experimental (CTrEX) Test at White Sands Missile Range (WSMR)

**2016**

Mr. Kenneth (Kip) Temple (412 Test Wing, Edwards AFB)

*For his ITC 2016 paper on:*

“An Internal Look at Adjacent Band Interference between Aeronautical Mobile Telemetry and Long-Term Evolution Wireless Service”

**2017**

Michael Painter, Ronald Fernandes, Karthic Madanagopal (Knowledge Based Systems, Inc.)

Charles H. Jones (C. H. Jones Consulting, LLC)

For their 2017 ITC paper;

“Defending T&E Spectrum through Automate Frequency Management Metrics Calculations”
